I think you will fall between them - one will not pay unless the report will satisfy him and the other will not add you to their team paymentwise. catch 22.

Dear Aliya,

First of all I would like to stress that the report you obviously mention below was provided by H.E. Mr. Ehud Barak directly and not by our company in the function of the Secretariat of the Council IIAC.

We will address your request to the Prime Minister´s Office as it is up to them to decide, in how far the contents of the activity can be disclosed to you and if any other information can be provided by the Secretariat or the Members of the Council as Dr. Alfred Gusenbauer, considering that neither the Secretariat nor any Members of the Council rather than H.E. Mr. Barak are bound by any agreements with your organization and are therefore obliged to confidentiality towards their contractual partners.

As I mentioned earlier in our several conversations, the Secretariat of the Council and the Council itself are bound with confidentiality obligations towards "Samruk-Kazyna" and we have clear instruction by the legal department to stick to this obligation as far as your organization is concerned. Therefore, I am afraid, neither we, nor Dr. Gusenbauer can comply with your requirements below in any manner. The only thing, that we consider being possible is to provide H.E. Mr. Barak directly with the confirmation that he indeed participated in the working sessions of the Council and other events of IIAC. However, we cannot go into specifics, nor Dr. Gusenbauer would. It is up to H.E. Mr. Barak, if he feels appropriate, to share with you the agenda of the session and disclose other specific contents of his activities. The Secretariat and the other Members of the Council are not authorized to disclose any documents or facts to your organization according to our agreements.

If I may make a note: from the legal perspective the obligations in the agreement you provided Mr. Barak with have not been coordinated with the general legal framework of the work of the Council. This is obvious and very unfortunate, but we cannot not support your collecting the information you need for your reporting without breach of our own contractual obligation. My hope is that the Prime Minister´s office would be able to advise on an appropriate solution.

Herewith, I also copy Mr. Aidar Amanbayev from Samruk-Kazyna, who is in charge of all matters related to the Council, so that he is also informed about your request.

Kind regards,

Anna Zeitlinger
